5. Punctuality

It is important for children to attend school every day and be punctual for school. It is essential that pupils establish good routines and habits as it will influence their approach to work and life in later years. Punctuality is a life-skill that our children need to develop well in their growing years. We recognise that parents play a vital role in ensuring that pupils report to school punctually. We would like to thank all parents and guardians for partnering us to inculcate the value of punctuality in our pupils.

6. Weighted Assessment and Revision Exercise

Please be informed that the dates for the Weighted Assessment and Revision Exercise will not be reflected in the Calendar of Events. Separate notifications will be sent out via Parent Gateway in 2022.

7. Health Matters

For the well-being of your child, do continue to ensure that your child practises good personal hygiene and social responsibility while at home and in public places. Pupils who are unwell should see a doctor and get a medical certificate to account for their absence from school. To safeguard the safety of our pupils and staff, pupils who are found to be unwell, yet who are in school, would not be allowed to continue attending lessons. We seek your understanding that you would be required to bring your child/ward home in this case.

The school will continue to conduct daily temperature-taking exercises as part of the Standard Operating Procedures in keeping the school safe for all. All pupils **MUST** bring their digital thermometer to school. Pupils may purchase the digital thermometer from the bookstore.

In 2022, contact tracing by Ministry of Health will be based on TraceTogether (TT) tokens. Please ensure that your child's TT token is in working order and to get a replacement if the token is faulty/out of battery. If you have yet to collect one, please make arrangement to collect one soon as your child will need to bring along the TT token for entry to school.

Please ensure that your child brings his/her token and thermometer to school everyday. Thank you for your cooperation. We seek your understanding that pupils who report to school without the token will be sent home or might not be allowed to enter the school premises.
